Realize your dream of a new construction home at an unmatched value. This beautiful custom home is efficiently designed with an open layout to maximize space. This home offers all the amenities that you desire such as a deck directly off of the dining area, an eat in kitchen, spacious pantry, walk-in primary closet and dedicated laundry room. Thanks to our in house design team, it can easily be customized to meet all of your needs for today and for the future.

At PRK Williams Building Group we strongly believe in the importance of breathing only the healthiest air in your home. All our homes are equipped with a proprietary whole home air purification system using premier ionization technology that treats the air in your entire home 24/7 to actively reduce exposure to:

- Covid 19, influenza and other viruses
- Mold and mildew
- Allergens
- Odors
