

## The Ironwood

### COLLECTION

**Main Floor: 1,300 sq. ft.**

- 3 bedrooms
- 2 full baths
- 2 car attached garage
- Spacious covered porch
- Zero entry / single level living

The convenience and ease of zero entry, single level living will allow your new dream home to be your forever home without compromising beauty, function or finishes. This home offers all the amenities that you desire such as walk out patio off of the dining area, a spacious covered front porch, large pantry, walk-in primary closet and a full laundry room. This efficient design offers three full bedrooms so you won't have to compromise living space for single level living. This beautiful new home is designed to be a zero entry, single level home, but thanks to our in-house design team, it can easily be customized to a ranch style with a basement if your lifestyle requires additional space either today or in the future.

At PRK Williams Building Group we strongly believe in the importance of breathing only the healthiest air in your home. All our homes are equipped with a proprietary whole home air purification system using premier ionization technology that treats the air in your entire home 24/7 to actively reduce exposure to:

- Covid 19, influenza and other viruses
- Mold and mildew
- Allergens
- Odors
